

putlinedouble2

```
graph LR; A[putlinedouble2] --> B[dc_present::present_and_true]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is shaded gray and contains the text 'putlinedouble2'. The right box is white with a black border and contains the text 'dc\_present::present\_and\_true' on two lines. A blue arrow points from the right side of the left box to the left side of the right box.

dc\_present::present  
\_and\_true
