

wa_module::wa_finalize

```
graph LR; A[wa_module::wa_finalize] --> B[wa_module_base::wa_base_finalize]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'wa_module::wa_finalize'. The right box is gray with a black border and contains the text 'wa_module_base::wa_base_finalize'. The arrow is a solid blue line with a triangular arrowhead pointing towards the right box.
